

1 **ABSTRACT OF THE DISCLOSURE UNDER 37 C.F.R. §1.72(b)**

2 A method of purchasing a soundtrack associated with A/V content. When
3 A/V content is purchased by download or otherwise, the user is provided with an
4 option to purchase or store the soundtrack. In one embodiment, the purchase of
5 the motion picture secures usage rights to the soundtrack while another
6 embodiment requires separate purchase of the soundtrack. In either case, the user
7 is enabled to store the soundtrack as a separate file after having purchased rights
8 to do so. The soundtrack is then stored, in some embodiments with digital rights
9 management or copy protection to limit the number of copies that can be made of
10 the soundtrack. The motion picture has a Table of Contents (TOC) indexing the
11 soundtrack portions of the audio content of the motion picture to enable extraction
12 of those portions of the motion picture forming the soundtrack.
